

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

Since we don't use any kind of sweetener in our coffee or tea this recent move to take saccharin off the market has not had much effect on us. But, it apparently has a number of people aroused.

Noticed in The Monahans News where Marian Rodgers in his column blames the sugar industry for first getting cyclamates banned and now saccharin.

Since we don't use it we have not kept up with all the news about saccharin but Rodgers says that it seems that rats fed 5 percent of their diets in saccharin over a lifetime developed cancer of the bladder. Another researcher said that monkeys were not affected at all by the use of saccharin.

Now we have no intention of getting into the question of whether man is more like a rat or a monkey.

But Rodgers does go on to point out that in order for humans to make saccharin 5 percent of their diet, one would have to drink 800 diet drinks a day throughout a lifetime. That would average out a 12 ounce sugar free drink nearly every minute of the waking day. Or, it would be equivalent to 150 gallons a day.

He goes on to point out that not long ago, a woman died from an overdose of water and she only drank three or four gallons a day. She thought she had cancer and tried to "wash it out of her system." Her tissues became so saturated with water that she died.

Rodgers says that he is not convinced that there is a danger in saccharin but will admit there may be a slight possibility. After all, he says, those people in their 70's during World War II who used saccharin when sugar was rationed, have all died by now.

And he goes on to suggest to the FDA that they concentrate on pickles. Saying that if you eat only half a pickle a day for ninety years, you run a very high risk of dying. And that those who have eaten pickles for only 70 years generally have white hair and have lost all their teeth. After only 40 years the skin begins to wrinkle and gets progressively worse.

Or, he goes on to say, the FDA could pick on sugar and get that industry off their back. In a much larger percentage than you found from your rats, people using sugar have suffered from "fattythighs," a condition that has been known to spread over the entire body.

Since we don't use the stuff this is not really our battle but to those of you that do use saccharin we would suggest that you get organized and demand a little more proof about the dangers of this sweetener.

About this time every two years those folks we send to Austin always seems to come up with a real neat simple way to solve all the state's money problems. Just put a tax on all the refineries in Texas.

Now this sounds just great. All the products shipped out of the state will be paying that five percent tax as well as the products used within the state. This way everybody helps pay our taxes.

Now how can you get a better deal than that. The only question is why should a refinery pay a five percent tax to do business in Texas when they can move to another state and avoid the tax. Texas currently has about 26 percent of the refineries in this country, but this number could drop pretty fast.

Refining is the second largest industry in the state and at a time when Texas is trying so hard to lure more industry it just doesn't make much sense to run off one of the best ones you have.

It is just another one of those ideas that sounds good until you look at it a little closer.

Another one of those good ideas that is being threatened in Austin is to eliminate the limit on Directory Assistance charging. Now since it is not likely that you ever use

Hamlin Ag Club To Meet Monday

The Hamlin Ag Club will hold its regular monthly meeting Monday at 7:30 p.m. in the Hamlin High School cafeteria.

The program will be given by representatives of Mobil Chemical Company and DeKalb Seed Company. James B. Pope Jr., of Mobil Chemical, will present a program on a new milo herbicide produced by his company. Bob Lee, of DeKalb, will speak on greenbug resistant sorghum varieties and other DeKalb varieties of seed.

A meal will be served and wives are invited to the meeting.

Twelve Taking Umpire Course, Finals Saturday

Twelve persons, 10 from Hamlin and two from Stamford, passed the first part of the testing program following the baseball umpire clinic held here during the weekend. Taking the course were five women and seven men.

The second phase before certification will be held Saturday. Evaluation will be made while each participant umpires two innings of play at the elementary school field, according to Ed Wheat, organizer of the clinic here.

Charles Boston of Fort Worth instructed the course Friday, Saturday and Sunday.

New Wastewater Treatment Plant to Begin Operation

The city's new Wastewater Treatment Plant should go into operation this week, according to Billy Jacobs, engineer for Yeatts and Decker, Inc. of Abilene. Jacobs told the council Monday night that the system was turned on Monday and should be in operation later this week.

The city has until April 21 to meet the state and federal requirements for its wastewater treatment.

Jacobs also told the council that his firm was ready to advertise for bids on the city's water treatment plant improvement project. The council voted to advertise for bids on the project and to open bids at its next council meeting, Monday, Apr. 18.

The improvements will consist of construction of water recovery system at the water treatment plant, consisting of an earthen pond, package pump station, piping and sludge drying bed.

The project, estimated to cost between \$40,000 and \$43,000, is required by the Texas Water Quality Control Board and the Environmental Protection Agency to

clean up the backwash water going into the California Creek.

At the present time when the city backwashes the filters at the water treatment plant, the water is dumped into the creek. The new system is designed to hold the water until the dirt and silt settle out before dumping into the creek.

The city has received a \$29,000 federal grant for the project with the balance of the funds needed to come out

of city funds. The city has until July 1 to complete the project.

Councilman Ernest Williams reported that his committee was working on the dog and cat ordinance and should have it ready to present to the council at the next meeting.

Earl (Junior) Kiker, Fisher County Commissioner, met with the council to discuss what help Fisher County might be able to offer the city with its landfill operation.

Kiker told the council that he had noted a marked improvement in the amount of trash being dumped on the county roads since the city's landfill operation has been located in the area.

He said he would seek some financial help from the Commissioner's Court for the city and would help in some of the dirt moving operation of the project. He asked the council what the Jones County Commissioner's Court was doing in the way of helping since a lot of the rural people using the dump ground live in Jones County.

He was told that at the present time the city was not getting any help from any other governmental agency, but that the council would contact the commissioners on helping with it.

A group of senior citizens, representing the American Association of Retired Persons, appeared before the council seeking a portion of the city's Revenue Sharing funds for the community center they are trying to build on a lot across from the Baptist Church.

They were told by Mayor Pro-tem Richard Young that the city will be working on the budget for the coming year during the next month. Young, presiding in the absence of Mayor Robert Fowler, told the group that the city will be operating on a tight budget this next year and were probably looking at a tax increase, but that their request would be considered.

The council named O. H. Weaver Jr. to the Hamlin Housing Authority Board. Councilmen Buford Big-ham and Pat Willoughby were named to a committee to study a possible paving project for the city.

The council voted to purchase a \$200 roll of six foot bull wire to replace the present worn out wire fence at the Pony League Baseball Park.

Young and Big-ham were named by the council to mark off private hangar locations at the city's airport and to draw up building specifications. The council voted to charge \$100 a year lease on lease on the hanger sites.

Sororities, Rehab Center To Sponsor Talent Search

West Texas Rehabilitation Center will receive the proceeds from "Hamlin's Talent Search," a talent show sponsored by Beta Theta and Xi Gamma Pi, two of the local chapters of Beta Sigma Phi, which will be held April 22 at 7:30 p.m. in the Hamlin Public School Auditorium.

Auditions will be held Thursday, March 31, at 7 p.m. in the Hamlin High School Cafeteria. Everyone interested in appearing in Hamlin's Talent Search is urged to call Mrs. C. Weldon Griggs, (576-2158) or Mrs. M. L. Smith to make arrangements to appear in the

audition. All persons desiring to appear in the talent show must audition on March 31.

WTRC is coordinating talent shows in several towns in the Big Country area and the overall winner of Hamlin's show will compete with winners from other area towns in the Big Country Showcase at Abilene Civic Center May 7.

The winner of the Big Country Showcase will appear on Rehab '78 Telethon.

In the Hamlin show, competition will be divided into two age groups. In the youth group, contestants will be up to and including those in the eighth grade. The participants in the ninth grade through high school and adults will be in the other division.

A prize will be given in each age group and the overall winner will be named from the top winners.

Blood Bank Drive Set Here Apr. 6

A drive for blood will be held here Wednesday, Apr. 6, with 60 to 80 donors needed to get the local donor file current, according to Billie J. Speck, Hamlin Memorial Hospital administrator.

The drive is being sponsored by the Hamlin Hospital and will be handled through the Meek Community Blood Bank of Abilene, which has been a source of blood for the local hospital.

Those who can give blood are to report to the hospital between the hours of 10 a.m. and 2 p.m. Apr. 6.

Meeting Friday

A Teenage Baseball Meeting will be held Friday night at 7:30 in the Jaycee Community Building. The meeting is for both workers and players.

The meeting has been called to plan the work that needs to be done at the Teenage ballpark. Everyone interested in this program is being urged to attend.

Anyone planning to play Teenage ball this summer is also urged to attend.

'A Salute to Texas' Is Theme For Annual Girl Scout Banquet

"A Salute to Texas" was the theme of the annual Girl Scout Father-Daughter banquet held here Saturday evening in the high school cafeteria. A Texas barbecue dinner, catered by Roy Jordan, was served to 179 persons.

Lynn McKinney, Girl Scout Field Representative from Abilene, presented a slide program on Girl Scout activities.

Guests were welcomed by Oletha Waldrop, service unit chairman. Cadette troop 399 directed the banquet. The invocation was sung by all troops.

Stephanie Haught led the Pledge of Allegiance and introduced special guests, Mr. and Mrs. Luther Haught, Mr. and Mrs. Tim Jones, Mr. and Mrs. Lon Hughes and Mrs. McKinney.

Leaders were introduced by Diane Young. The leaders presented the cookie patch to each girl who sold 48 or more boxes of cookies which included 39 Girl Scouts.

Kathy Prewit presented special awards of five-year pins, a cookie monster to Brownie Troop 316, and leader Rebecca Prewit, for selling the most cookies; and a purple heart award to all the husbands of leaders for their help.

The purple heart awards read "Bless Me, I'm just the husband of a Girl Scout leader."

Curtis Payne was given a box of Girl Scout cookies for

A business deal of considerable import was closed this week when Paul Gibson of the Gibson Chevrolet Co. sold his interest in the company to A. J. Barton of Littlefield, Texas.

Mr. Barton took charge Monday and is the active manager. His wife and two children will join him here in a few days to make Hamlin their home.

Mr. Gibson has been selling Chevrolet cars in Hamlin for two years and the Chevrolet auto and truck has been made one of the leading cars. Mr. Gibson will likely remain in Hamlin and engage in some other business.

The first thing you will think of this report is "rotten meat"—there you are very wrong. No ice is needed in this modern day. Science has worked day and night to save labor and property, and that's what Holman & Boyd have acquired.

Last Sunday they installed a double "Frigidaire" in their market. A half horse power machine guards the temperature of the front counter and a thermometer reveals how well it does its work.

At the home of Mrs. R. D. Moore, Miss Kathleen Mayfield and Miss Ruth Hatcher entertained with a lovely party honoring Mr. and Mrs. Clay Randel.

Spring flowers in various colors were attractively arranged throughout the rooms.

After several games of bridge were played ice cream in the form of pink roses and cake were served on bamboo trays, centered with pink carnations and ferns.

The guests were: Messrs. and Mesdames Clay Randel, Alfred Handen, Taulman, Ted Bledsoe, C. G. Green, J. E. Moody, John Denton; Mmes. Davenport, J. P. Morgan, Fred Moore, J. C. Campaign to help raise funds for enlargement and improvement of the Chisholm Trail Council Boy Scout camp southwest of Abilene got underway in the Hamlin community to a slow start last weekend, reports John C. Bryant, community campaign chairman.

Assisting with the campaign in the Hamlin community are three teams under the direction of a captain. The complete list of workers follows:

Team 1—Joe Culbertson, captain; Bill Harbert, Arlie Cassle, Bill Feagan, John D. Ferguson, L. C. Bonds and Hollis Maden, workers.

Team 2—R. L. McClung, captain; Eddie Jay, Edgar Duncan, L. H. McBride, A. Spencer, George Poe and Wesley Nail, workers.

Team 3—Gene Prewit, captain; Weldon Carlton, Donley Williams, Byron Bell, Cliff Reynolds Jr., Earl Smith and Fred B. Moore Jr., workers.

New officers for next year were elected when members of the Beta Theta chapter of the Beta Sigma Phi met in the home of Mrs. Holly Toler, with Mrs. Billy Joe Wilson as hostess. Program for the day was on the ballet.

New officers for next year were elected as follows: Mrs. Earl Smith, president; Mrs. Billy Joe Wilson, vice president; Mrs. Howard Mehaffey, secretary; Mrs. Wilson Brannon, treasurer; Mrs. Ed Boaz, corresponding secretary; Mrs. Arlie Cassle, director; Mrs. Weldon Griggs, sponsor; Mrs. L. C. Bonds, parliamentarian; and Mrs. Duane Stallcup, reporter.

Don Adair, six-foot forward on the Hamlin High School basketball crew, was named as a member of the second team for all-area cage teams, announced over the weekend.

The Hamlin senior was the only Pied Piper making the select unit named from 10 high schools of Central West Texas.

Parents of the following eighth grade students of Hamlin Junior High School who

have birthdays in March were hosts for all members of the eighth grade at a pirate party held Friday evening in the Hamlin High School old gymnasium; Sarah Snapp, Myra Siburt, Beth Christian, Gary Cooper, Pinky Sellers and David Karnes. Mrs. Austin Siburt was chairman of the host group.

Davey Weaver, high school senior and son of Mr. and Mrs. Noel Weaver, is planning to make his application for the Lone Star Farmer Degree, which is the highest degree to be conferred by the Texas Association of Future Farmers of America. Davey will make his application by May 1.

TEN YEARS AGO
(March 23, 1967)

Members of the Piper yearbook staff attended a workshop in Abilene Saturday on the campus of Hardin-Simmons University. The session started at 9:15 a. m. and was climaxed with a buffet dinner at 6:30 p. m. Attending were Bill Johnson, Sharon Townley, Pat Perrin, Jayne Turner and Tommy Oliver. They were accompanied by Mrs. L. R. Fowler, sponsor.

Enthusiasm continues to mount as time for the Hamlin Jaycee Volleyball Tournament approaches. As one man put it "The whole town's gone crazy."

Dan Truelove, co-chairman of the first project being sponsored by the Hamlin Jaycees to go toward the new community building, said that the response to the tournament had exceeded all expectations.

The tourney will be held three days, Apr. 3, 4, and 6 in the high school gym.

Truelove and Earnie Reusch, co-chairman, said they will have to have the teams all signed up by Monday, Mar. 27, so that brackets can be made. The \$10 entry fee will have to be paid before a team is placed in the bracket.

The Piper sprint relay team of Philip Simpson, Clifford Titus, Sammy Ferguson, and Louis Shelton captured their third trophy last Saturday when the local team won the Holiday meet with 101 and two-fifths points.

Jim Bonds picked up two first places and tied for a third with James Cork and Milton Davis also added a first place in the discus to the totals. Bonds won the 120 yard hurdles, the 330 hurdles and tied with Cork in the high jump.

James Knabel and Jayne Carol Turner have been selected delegates to Boys State and Girls State to be held in Austin this summer.

They will go under the auspices of the American Legion and the American Legion Auxiliary of Stamford with the Lions Club and Rotary Club of Hamlin as joint sponsors.

directory assistance more than the allowed 10 times a month you probably feel that it does not matter one way or another.

But when the Texas Utilities Commission granted Southwestern Bell permission to charge for over 10 assistance calls a month it at the same time cut nearly everyone's monthly phone bill. If the Legislature goes to meddling with the Commission's business then it is likely that your phone bill will go up again.

Apparently there are only two classes of people that would benefit from taking off this charge. The operators who would no longer be needed and those who use the telephone to solicit business.

Don't know about you, but we are not interested in having our monthly bill raised just to take care of those folks. This all goes back to that simple truth that you don't get something for nothing. Somebody, somewhere down the line has to foot the bill.

GOING UP...

A building is being erected. It is made of strong materials, steel and concrete. The foundation is firm and deep. The edifice is built to endure.

We need to build our homes to endure. They need a strong foundation. They need to be built on the rock of Christ. Psalm 127:1 reads, *Except the Lord build the house, they labour in vain that build it.* Attend church regularly that your house may be instructed in the ways of the Lord.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Two Couples In Dance-a-thon At San Angelo

Cindy Witt of Hamlin and Enasmo Salinas of San Saba, both students of Angelo State University, and Linda Witt of Hamlin and Mark Lyon of Miami, Fla., participated and danced in the first Texas Dance-a-thon in San Angelo March 18, 19 and 20.

Both couples were sponsored by Alpha Kappa Lambda fraternity, co-sponsors of the 50-hour marathon. The San Angelo

students were awarded a plaque as "Most Friendly Couple," a choice made by the dancers.

The marathon raised over \$11,000 for the Texas Association for Retarded Citizens.

THE BIG ONE FOR DRY COUNTRY

IT'S DEPENDABLE

Dependable yields of consistently high quality fiber even in drought years. That's what made LX 571 a long time favorite with farmers here about. And it's nice to know that you don't have to give up something else for drought resistance. Farmers appreciate the good gin turn-out of fairly long staple fiber which makes in the premium range under normal conditions.

At maturity you'll like the looks of LX 571's storm resistant bolls and at harvest you'll appreciate how well it strips one-time-over.

LX 571 along with other Lankart varieties accounts for over 60% of the cotton planted in the Altus Classing Office territory and have for a number of years... strong testimony from people who know how to grow cotton in this area. If you think this might be a dry year

CHECK THESE LX 571 CHARACTERISTICS:

- Good dryland cotton
- Good root system for drought resistance
- Top yields
- Good gin turn-out
- Medium early maturity
- Storm resistant bolls
- Excellent stripper variety
- Well-adapted to one-time-over harvesting
- Staple length in the 1" and longer range
- Micronaire in the premium range (under normal growing conditions)

CHECK THESE RESULTS:

Information from cotton variety comparisons made in 1976 in various locations in Texas and Oklahoma:

• Childress, Texas

On dryland without fertilization LX 571 (Lankart) made 687 pounds of lint per acre. The cotton which was machine harvested had a micronaire of 4.7, staple length of 30 and a gin turnout of 26.8 percent.

• Haskell, Texas

In a dryland cotton variety test, LX 571 produced 665 pounds of lint to top the test and beat the second variety in the test by 12 pounds per acre. The fiber graded 50, had a staple length of 32, micronaire of 5.4 and a gin turnout of 29.5 percent.

• Wall, Texas

LX 571 also topped this test of eight varieties on non-irrigated land without fertilizer. It produced 544 pounds of lint with a staple length of 34. Micronaire was 4.7, solidly in the premium range.

• Delhi, Oklahoma

Under extreme drought conditions and without irrigation, LX 571 made a lint yield of 250 pounds per acre. The cotton graded 40, had a staple length of 30/32, a micronaire of 5.2. The gin turnout was 29.9 percent.

• Cooper, Oklahoma

In this test on the Kenneth Boyd farm, Lankart LX 571 produced 349 pounds per acre of very good cotton. It graded 50 with a staple length of 33/32, micronaire of 5.0 and had a gin turnout of 28.6 percent.

If you raise dryland cotton in this area where drought is a threat, go with LX 571 this year. You can get Lankart LX 571 from your ginner.

Ladies Auxiliary To Take Part In Lite-a-Bike Week

The Ladies Auxiliary of the Veterans of Foreign Wars will distribute reflectorized tapes for bicycles at the elementary school building Friday at 2:45 p.m.

The local group is joining with a statewide VFW and Auxiliary project Lite-a-Bike week in Texas.

Gov. Dolph Briscoe has set March 21-25 as Lite-a-Bike week in Texas.

The primary purpose of the project is to help develop safer bike riders.

Parents are urged to have their children get the tape for use on the child's bicycle and instruct the children in safer riding practices.

Gov. Briscoe said "The program emphasizes the need for safe bicycling at all times. Special attention is called to the fact that nighttime bicycle riding on streets and highways is a dangerous practice, and that proper lighting equipment supplemented with reflectorized tape provides some protection, but does not eliminate the hazards of riding under the conditions of dusk or darkness."

Former McCaulley Resident Dies In Amarillo Mar. 13

Funeral for Mrs. Florence L. Fancher, 93, of Amarillo, formerly of McCaulley, was held Tuesday, March 15, in Amarillo. The Rev. Richmond Graham, pastor of Grand Avenue Baptist Church, officiated.

Mrs. Fancher was born in Murry, Ky., and had lived in Amarillo 35 years. She died March 13 in Amarillo.

She is survived by two sons, Harold and Ralph, both of Amarillo; one daughter, Mrs. Lyle Johnson of Arlington; two sisters, Mrs. Roy Smith of Lubbock and Mrs. Marrion Brown of Hamlin; six grandchildren, including Mrs. John Steele of Hamlin; seven great-grandchildren and one great-great grandchild, Courtney Moore of Hamlin. She was preceded in death by three sons and one daughter.

"Hello?" "Hi Marge, this is Suzie." "Suzie, Suzie, Suzie! What a pleasant surprise!" "How are ya?" "I'm doing just fine. How are things with you?" "Oh, things are terrific around here since you left." "I'll bet. You know I miss you guys." "How do you like your new house?" "Oh, Suzie, it's terrific." "Did you get what you wanted?" "That and more." "Well?" "Well what?" "Tell me about your stupid new house." "Suzie, it's fabulous." "Did you get the big back yard you wanted?" "Three acres with a pond." "Do you have a garden?" "We have a greenhouse!" "Do you have a nice kitchen?" "A huge kitchen with all new appliances!" "Do you have some aspirin?" "Aspirin?" "Yeah, you're making me sick." "You should complain. You're not exactly living in a dump." "How does Fred like his new job?" "Suzie, he's a new man." "He likes it?" "He loves it. Absolutely loves it." "That's good." "How is Jack?" "Fine. He's going through a do-it-yourself phase right now." "Oh, good." "Everytime I ask him to do something, he yells 'Do it yourself!' 'Oh, not good.' 'When are you coming to visit us?' 'When are you going to invite us?' 'You know you have a standing invitation.' 'Yeah, but we'd rather sit.' 'I'm serious. When are you coming?' 'Name a date.' 'How about in a few weeks... say the week of the 29th?' 'Wait a minute, let me get my calendar... the 29th?' 'That's a Saturday.' 'Yeah. Sounds good.' 'Okay, it's a deal. We'll be expecting you.' 'What do you want us to bring?' 'Just your sense of humor.' 'No.' 'No?' 'Just joking.' 'Funny.' 'You missed a great party at the Smiths' last night.' 'They had a party? They never have parties.' 'They've been waiting for you to move away.' 'What happened?' 'Well, for starters, Jackie's dog ate the main course before any of the guests arrived.' 'You're kidding?' 'No. Then the air conditioning went on the blink.' 'No wonder they never had any parties. What did everyone do?' 'We starved and perspired a lot.' 'Sounds awful.' 'Speaking of starving, how's the old diet?' 'I'll tell you if you tell me.' '125' 'Oh, Susan! You've been cheating!' 'No I haven't.' 'Well how can you lose weight if you've been eating?' 'How about you?' 'I'm not telling.' 'Come on.' 'One fxxvie five.' 'What?' 'One fxxvie five.' 'Marge, you're mumbling.' 'One fxxvie five.' 'One thirty five?' 'Less.' 'One thirty five?' 'See, that's not so bad.' 'That's terrible.' 'I know.' 'What's your excuse?' 'A perfectly understandable insecurity resulting from having to adapt to new surroundings.' 'New surroundings. The only new surroundings you're gonna have to adapt to is the lard surrounding your midsection.' 'Hey, look. Go easy kid. I don't have you to nag me any more.' 'Well, it hasn't been easy for me either.' 'You wouldn't believe the food prices here.' 'Oh?' 'Low.' 'Low?' 'Low.' 'No wonder you're eating so much.' 'I'm not kidding...' 'Neither am I.' '...I'm saving about 15 dollars a week over what I used to pay.' 'You're kidding!' 'I'm not kidding.' 'Sounds like you got a raise, too.' 'Right. 15 dollars to blow on anything I like... toilet paper, floor wax and soap.' 'Don't forget laundry detergent.' 'Right.' 'Hey, you took something of mine when you left.' 'Your yellow sweater?' 'Did you take my sweater?' 'Sorry, I wasn't going to tell you.' 'That's okay. You keep my sweater and I'll keep your skirt.' 'Skirt?' 'The one with all the animals on it?' 'Oh, yeah. I'd forgotten about that.' 'Is it a deal?' 'We'll trade when you come to visit.' 'Sour puss. I'm sorry I even brought the subject up.' 'What were you going to say?' 'I was going to say that you took my Suzie Fu Yung recipe.' 'Did I?' 'Yes.' 'I'll give you that too when you come.' 'Good.' 'See? Just think of all the nice things awaiting you when you come.' 'I can't wait. Hey, I have something for you.' 'What?' 'A riddle.' 'Shoot.' 'What has four holder-uppers, four puller-downers, a pair of lookers, and a swishy-wishy?' 'I don't know, what?' 'I'll tell you when we come to visit.' 'Oh, no you don't!' 'Bye.' 'Come on, tell me!' 'Bye.' 'Suzie!'

FRAUD OR FACT?

By B. W. BRIGGS, JR.
Minister, Hamlin Church of Christ

I submit this article in response to the program presented by the group called "Interfaith Committee Against Blasphemy." Their television program consisted of an evaluation of two films made ready for the international markets. The films are entitled "The Many Faces of Jesus," and "The Passover Plot," based on a novel of the same title. Though I have neither read the novel, nor seen the films, I do understand the underlying themes of both the novel and the films. In Point, "The Passover Plot" attacks the gospel accounts concerning the authenticity of Jesus Christ as THE SON OF GOD (deity), and His death, burial, and resurrection, which is the hub of Christian faith! The other film, "The Many Faces of Jesus," has our Lord pictured as a bisexual. So, without further delay, allow me to express my deep concern by a refutation of these ungodly films with their wretched insinuations.

First of all, let me destroy "The Passover Plot" with its claims that Jesus was not the Christ. That His death, burial, and resurrection was a fraudulent plot to uplift His fame and secure material gain for Himself. That Jesus is the Christ, is amply stated in the gospel accounts and elsewhere in the New Testament text. Consider these passages in regard to this point. However, keep in mind that the Christ is God in the flesh. So, if I can show where Jesus is called the equal with God, "The Passover Plot" is finished! (John 1:1-15; 17:5; Mt. 1:18-23; 3:3 with Isa. 40:3; Mik. 1:2 with Mal. 3:1; Jn. 20:24-29; Jn. 8:58 with Ex. 3:13-15; Jn. 10:11 with Psa. 23 and Ezek. 34:27-31; Mt. 25:31-33 with Ezek. 34:17; Jn. 1:4-9 with Isa. 60:15-20; Tit. 1:3-4; 2:11, 13; 3:4, 6; Phil. 2:5-6; Heb. 1:1-3; Col. 1:16-17; Eph. 3:9)

Concerning His death, burial, and resurrection, it is, as was our first point of discussion, a matter of inspiration — whether you believe the Bible is or not! The reason I suggested so many passages was to refute anyone who denies that Jesus is God.

In regard to the death of Jesus, it was foretold and fulfilled. (Isa. 53 and Mt. 9:15, 27) "The Passover Plot" says Jesus didn't die, he just "swooned" on the cross and later fell dead in a "strange" tomb. Well, the scriptures say He died (Jn. 19:31-35), and also common sense says He died! For example, here's a group of soldiers that say He was dead, and pierced His side with a spear thereby giving forth blood and water, which medically indicates the heart was pierced and also the pericardium bringing forth the blood and water and fulfilling the prophecy of John 19:36-37. These men are experts at this and they say He died. "The Passover Plot" says He did not! Who do you believe?

Likewise, His burial was in a specific tomb and not a "strange" one. (Jn. 19:38-42; Mt. 27:57-61) As for His resurrection, it was also prophesied (Psa. 16:10-11; Acts 2:25-36; 13:31-37), even by Jesus. (Mt. 16:21; 17:9-23) Without the resurrection of Jesus, we have nothing! (Rom. 6:3-11; 1 Cor. 15) But again common sense will argue my faith in His resurrection. Their claim is that Jesus' body was stolen, or that He escaped from the tomb. Well, the scriptures say he was not capable of escape, nor was there any availability given to steal the body of our Lord.

He (Jesus) couldn't escape because of several reasons. First of all, He had holes in His hands, and a pierced side or heart, and wounded legs, with which He used to walk! Secondly, He was covered with 100 pounds of myrrh and aloes which was brought by Nicodemus for His burial. The cloths were saturated with the spicy mixtures, and

wrapped around our Lord to form a hard cocoon, similar to a mummy-form. Now how could an injured man such as Jesus, escape from such a situation? As for His body being taken, would you attempt to defeat Roman guards? No, and neither would His disciples, for they were desponded to begin with! Would the Jews? They arranged for the guards! Nothing would please them more than to see this "blasphemous" Jesus made a liar. How about the Roman guards? The tomb had the seal of Caesar, and if they were to break it, their lives would be taken! So, tell me, who took Jesus' body? I'll tell you! God did! (Jn. 19; Mt. 27) So "The Passover Plot" is destroyed. Now for "The Many Faces of Jesus." By the way, in both of these movies, they fail to realize that the only record of Jesus' life is in the New Testament. So, how can you fight your only source of information?

To say that Jesus had sexual intercourse with a woman cannot be qualified, neither can it be scripturally correct. Jesus wasn't married, as the text reveals. So, if He engaged in sexual activities without a wife, He would refute and destroy His own teachings. (Mt. 5:27-32; 19:9)

"The Many Faces of Jesus" implies He (Christ) was a bi-sexual. We need now to refute their accusation that He as a homo-sexual. They also claim that Jesus never condemned homo-sexuality in the gospels. We will refute that too!

Sodomy is homosexual proclivity and/or copulation with an animal. This can only produce noncoital, carnal results. Now this is what our Lord is accused of. The text doesn't say Jesus was a homo-sexual, and that is blasphemy in the biggest way, because it violates the nature of Christ. (II Cor. 5:21; Heb. 4:14-16) The other evening when the program was aired, the four panelists were challenged to prove that Jesus condemns homosexuality. They did not refute it from the gospels as challenged. So I will now take that liberty. Jesus Christ condemned Sodom and Gomorrah a multiplicity of times in the New Testament. (Mt. 10:11-15; 11:22-24; Lk. 17:28-29) What was occurring in Sodom and Gomorrah? The very things that we have defined Sodomy as being. How does one think they arrived at that name? It was a wicked place with wicked men. (Gen. 13:13) Not even five righteous people could be found. (Gen. 18:26-33) They were so wicked they attempted to "know" (sexually) the angels of God. (Gen. 19:1-24).

In the Bible, Sodom and Gomorrah are used to represent evil. (Rev. 11:8; Deut. 29:23; Isa. 13:19; Jer. 19:18; Lam. 4:6; Amos 4:11) Even in our nation, when one wishes to express their opinion of an evil city or small town, you'll hear them say, "that place is a regular Sodom and Gomorrah."

God has always condemned Sodomy and commanded His people to abstain from it and those who practice it. (Deut. 23:17; I Kings 14:24; 15:12; II Kings 23:7; I Kings 22:46) This may not be the popular thing, but it is the scriptural thing to heed!

Now, if God condemned it, and Jesus is God, would He practice it? Not by any means! (See Jude 1, 3, 4, 5-8). We must realize that people that practice such things will be lost. (2 Pet. 2:4-9) Jesus also condemned "fornication." The Greek word is porneia and it refers to lewdness, uncleanness, whoredom, etc. Jesus condemned adultery which is fornication among marrieds. Homosexuality can qualify under either of these terms.

I sincerely hope this article will glorify God, and exalt His Son, our Savior. If you wish to study with me in this, stop by the church building or give me a call. I pray it will help our nation and you!

We've been delivering electricity from our sub-stations to your meter, dependably and economically, for nearly 40 years.

But getting power to our distribution points is another matter. It costs more now to generate electricity. Generating fuels are more costly and, as a result, your electric bill is higher. Our power suppliers don't like the higher costs any more than you do. But while we can't control the price of wholesale power nor the cost of generating fuels, we do control the cost of its distribution.

And where the electric cooperative controls the cost, the cost stays under control.

Gun Club Launches Membership Drive

Committees for the newly organized Hamlin Gun Club were named and a membership drive was set at the Monday evening meeting at the Hamlin Jaycee Community Building.

Named to the committee for the construction of the 100-yard rifle range were Curtis Payne, James Lain and Steve Feagan. They will construct targets, stops and benches.

Scott Feagan, Dwain Wall and Rodger Bell will work on the pistol range which will be similar design to that of the 100-yard range.

Steve McKissack, Joe Allen Fudge and Guy Mordecai are to move equipment from the old range located one mile north of town to the new site and complete the clearing of the land at the new site.

Marshall Bradford and Charles Brumley will coordinate club activities and work on the trap range.

It was pointed out at the meeting that the rifle range and pistol range will be for the exclusive use of the

Neinda Philosopher Casts A Few Doubts On Plan To Have Every Home In U.S. Insulated

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One takes a backward look at a new proposal in Congress.

Dear editor:

According to an article I read last night in a copy of the Reporter-News which I'd been saving to start a fire with in my fireplace, you know, everybody has his

favorite newspaper, some like the Reporter-News, some like the Star Telegram, but I'm neutral, I've found both are first rate for starting a fire and neither is any good if the kindling is wet, anyway, to get on with his sentence, according to the article I read Congress is considering a proposal to require people to insulate their homes.

The purpose is to get a more efficient use of energy,

to make us efficient whether it's our nature or not. There are going to be some problems.

For instance, I know a man who said he tried to insulate his house but the wind kept blowing the stuff out through the cracks in the walls.

Another man said insulation saves energy all right and the argument by the government that insulation will save enough fuel to pay

for itself may be true, but his house is insulated from top to bottom and he still can't pay his fuel bill.

Obviously, homes ought to be insulated, but Congress is going to run into some big problems when it sets out to make everybody do it. What it's going to cost to set up the National Insulation Bureau (NIB) and hire enough people to see that everybody complies, may cost more than the

insulation itself, although that won't matter because tax money, unlike energy, is inexhaustible. It'll make good news, too. I can see the headline now in the Herald MAN NEAR HAMLIN CAUGHT LIVING IN AN UN-INSULATED HOUSE.

It's hard to legislate efficiency, just as it's hard to legislate morality. In fact you can't legislate morality among men, although im-

moral men can legislate.

Nonetheless, if we can get every home in the nation insulated we'll be on a par with Congress. It's been insulated for years.

Yours faithfully,
J.A.

Visiting Mrs. C. E. La Baume Tuesday were her two brothers, Mr. and Mrs. Earl Jones and Rev. Charlie Jones, all of Sweetwater.
